EXPERIENCE

2011 **Tax Connection BV** **partner**

Jörgen is corporate tax specialist with the Dutch tax consultancy boutique Tax Connection.

Jörgen has 15 years experience with Dutch corporate income tax. His clients include foreign multinationals with a Dutch presence and Dutch based SME's with foreign activities.

His specialization areas include Dutch corporate tax, Dutch dividend withholding tax, international tax structures, EU law, transfer pricing, financing structures, reorganizations and tax efficient repatriation techniques for dividends.

In doing so, he combines theoretical knowledge with his practical experience, gained when implementing tax structures for multinationals, as in-house tax manager (on project basis). Often such projects are joint effort in close coordination with the worldwide preferred tax provider (e.g. 'Big 4' or UK/US law offices).

Jörgen has a Master's Degree in Economics from the University of Rotterdam (major in Tax) and a Master's Degree in Law from the University of Amsterdam (major in European and International Tax). He has been a member of the Dutch Order of Tax Advisors since 2001 ('NOB').

2010 - 2011 **Taxperience Amsterdam BV** **partner**

Jörgen was partner of Taxperience Tax Lawyers in Amsterdam. In this role he was responsible for setting up the new activities relating to tax consultancy, tax compliance and interim tax management.

2007 – 2009 **Interim Tax Solutions BV** **interim tax manager**

Jörgen managed various in-house tax projects, varying from taking over the responsibilities of a Senior Tax Manager during pregnancy, to independently coordinating a restructuring project for a global commodity trader and setting up the tax department of a Dutch based SME with foreign offices.

2005 – 2007 **Teleplan International NV** **global tax director**

Jörgen was global tax manager for a stock quoted company based in the Netherlands with presence in 15 countries. In this role he was responsible for all tax related matters, from corporate income tax, wage and personal income tax, value added tax. His responsibilities included developing standards and procedures for tax related processes.

1999 – 2005 **Deloitte (/Andersen)** **international tax manager**

Jorgen started his professional career as international tax specialist with Deloitte / Andersen. In this function as manager he identified tax inefficiencies for clients, advised on international tax restructurings and coordinated various tax projects.
