EXPERIENCE

2011 **Tax Connection BV** **partner**

Martijn is corporate tax specialist with the Dutch tax consultancy boutique Tax Connection.

Martijn has over 15 years experience with Dutch corporate income tax. His specialty is assisting companies with complicated tax projects, such as the implementation of a Tax Control Framework. Martijn is also experienced in implementing Transfer Pricing Systems, International Cash Pools and Treasury Management Systems. Often such projects are joint effort in close coordination with the worldwide preferred tax provider (e.g. 'Big 4' or UK/US law offices).

His strength is that Martijn is able to translate complex technical tax advice in easy to understand workable solutions that fit the company.

Martijn studied Civil Law at Utrecht University and graduated in Tax Law at Leiden University. He successfully finalized the education from the Dutch Order of Tax Advisors (NOB).

2008 - 2011 **Exact** **tax and treasury director**

At Exact, Martijn was responsible for the global tax position of the worldwide Group as well as for the global treasury activities of the Group. Amongst others, he realized the implementation of a complete Tax Control Framework (including the design of a new Tax Strategy), a new Transfer Pricing system and an effective cash management system, including a European cash pool and setting up the controls to manage the system. Furthermore, he successfully applied for the 'Innovation box', including negotiations with the Dutch Tax Authorities.

2003 – 2008 **Ministry of Economical Affairs** **tax coordinator**

Martijn was responsible for analyzing areas for improvement, finding bottlenecks in Dutch or European tax legislation and providing solutions for these issues. He had intensive contact with entrepreneurs, the Ministry of Finance and the European Commission. Martijn developed the skill of getting things done in a difficult political arena, using diplomatic skills.

2002 – 2003 **A.S. Watson (formerly Kruidvat Beheer BV)** **tax manager**

Martijn was the tax director for Kruidvat Group. He was responsible for setting up the tax function within the Group, analyzing tax risks within the Group and building tax controls and describing procedures.

1997 – 2002 **Andersen** **tax advisor**

Martijn started his professional career as international tax specialist with Arthur Andersen. Here, he identified tax inefficiencies for clients, advised on international tax restructurings and coordinated various tax projects.
